

# T39 The Science of Goal Setting and Progress Monitoring

Dr. Roland Good & Dr. Stephanie Stollar

Dynamic Measurement Group

[stollar@acadiencelearning.org](mailto:stollar@acadiencelearning.org)

## Disclosure

Roland Good and Stephanie Stollar are employed by Dynamic Measurement Group (DMG). DMG operates the Acadience Data Management System where Pathways of Progress is available. No relevant non-financial relationships exist.

Acadience Reading is available for free download and unlimited photocopying at:

[acadiencereading.org](http://acadiencereading.org)

## New Name, Same Assessment You Trust

Acadience™ Reading (previously published under the name DIBELS Next®) is the current version of the K-6 reading assessment developed by the original authors of DIBELS®, Roland Good and Ruth Kaminski at Dynamic Measurement Group.

The DIBELS Next assessment is now Acadience Reading

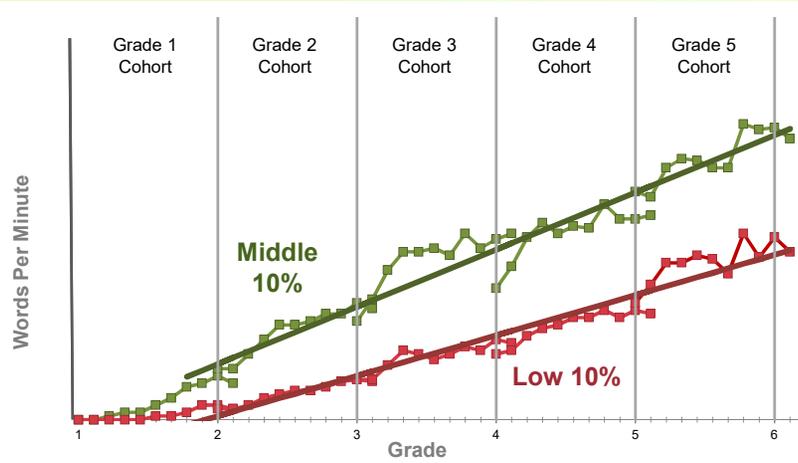

## Acadience Reading

Acadience Reading is a set of **standardized, formative indicators** of the Basic Early Literacy Skills, designed for **universal screening** and **progress monitoring**, for the purpose of **preventing** reading failure and improving reading outcomes for all students K-6

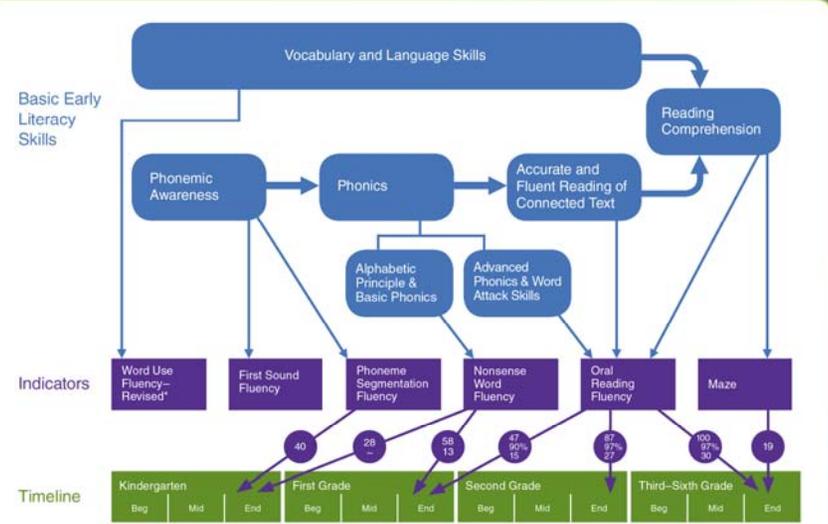

# The Power of Prevention

Good, R. H., Simmons, D. C., & Smith, S. B. (1998). Effective academic interventions in the United States: Evaluating and enhancing the acquisition of early reading skills. *School Psychology Review*, 27, 740-753. [Joint publication with *Educational and Child Psychology*.]

# Basic Early Literacy Skills Timeline

\*Word Use Fluency-Revised (WUF-R) is available as an experimental measure from <http://acadiencelearning.org/>.

# Acadience Measures, Grades, & Skills

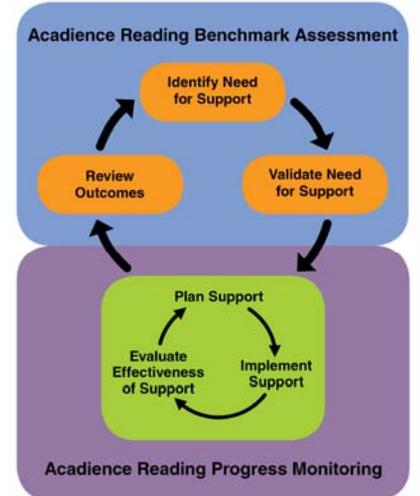

Measure	Grades Used	Skills Indicated
FSF – First Sound Fluency	K	Phonological Awareness
PSF – Phoneme Segmentation Fluency	K-1	Phonological Awareness
NWF – Nonsense Word Fluency	K-2	Alphabetic Principle and Basic Phonics (Letter Sound)
ORF – Oral Reading Fluency	1-6	Advanced Phonics and Decoding, Accurate and Fluent Reading of Text, Reading Comprehension
Maze	3-6	Reading Comprehension
LNF-Letter Naming Fluency	K-1	Risk Indicator

# Outcomes Driven Model (ODM)

## Outcomes Driven Model Steps:

1. Identify need for support.
2. Validate need for support.
3. Plan and implement support.
4. Evaluate and modify support.
5. Review outcomes.

## Acadience Reading Benchmark Goals

If a student achieves a Benchmark Goal, the odds are in favor of that student achieving later reading outcomes.

- ▶ **At/Above Benchmark:** Odds are generally 80% to 90%
  - ▶ **Above Benchmark:** Odds are generally 90% to 99%
  - ▶ **At Benchmark:** Odds are generally 70% to 85%
- ▶ **Below Benchmark:** Odds are generally 40% to 60%
- ▶ **Well Below Benchmark:** Odds are generally 10% to 20%

## Acadience Reading Benchmark Goals

### Kindergarten Benchmark Goals and Cut Points for Risk

Acadience Reading Measure	Benchmark Status	Likely Need for Support	Beginning of Year	Middle of Year	End of Year
Reading Composite Score	Above Benchmark	Likely to Need Core Support <sup>a</sup>	38 +	156 +	152 +
	<b>At Benchmark</b>	<b>Likely to Need Core Support<sup>b</sup></b>	<b>26 - 37</b>	<b>122 - 155</b>	<b>119 - 151</b>
	Below Benchmark	Likely to Need Strategic Support	13 - 25	85 - 121	89 - 118
	Well Below Benchmark	Likely to Need Intensive Support	0 - 12	0 - 84	0 - 88
FSF	Above Benchmark	Likely to Need Core Support <sup>a</sup>	16 +	43 +	
	<b>At Benchmark</b>	<b>Likely to Need Core Support<sup>b</sup></b>	<b>10 - 15</b>	<b>30 - 42</b>	
	Below Benchmark	Likely to Need Strategic Support	5 - 9	20 - 29	
	Well Below Benchmark	Likely to Need Intensive Support	0 - 4	0 - 19	
PSF	Above Benchmark	Likely to Need Core Support <sup>a</sup>		44 +	56 +
	<b>At Benchmark</b>	<b>Likely to Need Core Support<sup>b</sup></b>		<b>20 - 43</b>	<b>40 - 55</b>
	Below Benchmark	Likely to Need Strategic Support		10 - 19	25 - 39
	Well Below Benchmark	Likely to Need Intensive Support		0 - 9	0 - 24
NWF-CLS	Above Benchmark	Likely to Need Core Support <sup>a</sup>		28 +	40 +
	<b>At Benchmark</b>	<b>Likely to Need Core Support<sup>b</sup></b>		<b>17 - 27</b>	<b>28 - 39</b>
	Below Benchmark	Likely to Need Strategic Support		8 - 16	15 - 27
	Well Below Benchmark	Likely to Need Intensive Support		0 - 7	0 - 14

The benchmark goal is the number that is bold. The cut point for risk is the number that is italicized.

### Kindergarten Reading Composite Score Worksheet

© Dynamic Measurement Group, Inc. / October 15, 2018

The Reading Composite Score is used to interpret student results for Acadience Reading. Most data management services will calculate the composite score for you. If you do not use a data management service or if your data management service does not calculate it, you can use this worksheet to calculate the composite score.

Name: \_\_\_\_\_ Class: \_\_\_\_\_

#### Beginning of Year Benchmark

FSF Score = \_\_\_\_\_ (1)

LNFScore = \_\_\_\_\_ (2)

Reading Composite Score (add values 1-2) =

Do not calculate the composite score if any of the values are missing.

#### Middle of Year Benchmark

FSF Score = \_\_\_\_\_ (1)

LNFScore = \_\_\_\_\_ (2)

PSF Score = \_\_\_\_\_ (3)

NWF CLS Score = \_\_\_\_\_ (4)

Reading Composite Score (add values 1-4) =

Do not calculate the composite score if any of the values are missing.

#### End of Year Benchmark

LNFScore = \_\_\_\_\_ (1)

PSF Score = \_\_\_\_\_ (2)

NWF CLS Score = \_\_\_\_\_ (3)

Reading Composite Score (add values 1-3) =

Do not calculate the composite score if any of the values are missing.

## Acadience Reading and Dyslexia Screening

Indicators of risk for reading difficulties such as dyslexia include a combination of

- (1) severe low skills on measures of phonological processing including phonemic awareness and phonics, and
- (2) sustained lack of adequate progress in learning the basic early literacy skills,
- (3) when provided with generally effective instruction.

### (1) severe low skills on measures of phonological processing including phonemic awareness and phonics

School: Delight Valley  
Grade: First Grade, Beginning of Year  
Year: 2017-2018  
Class: Edwards Grade1

#### Acadience Reading Benchmark Assessment

The purpose of Pathways of Progress™ is to assist in setting goals and evaluating progress.

## What is Pathways of Progress?

Pathways of Progress is a tool for:

- (a) setting student progress monitoring goals (BOY)
- (b) evaluating student progress (MOY & EOY)
- (c) evaluating system level progress (MOY & EOY)

## Pathways of Progress™ Logic

Pathways of Progress™ depends on the level of initial skills. Emphasizes the outcome or the end point of the Pathways of Progress™.

Pathways of Progress™ provides a normative framework for comparison in setting goals and evaluating individual student progress.

## Pathways of Progress Features

Typical ways to set goals:

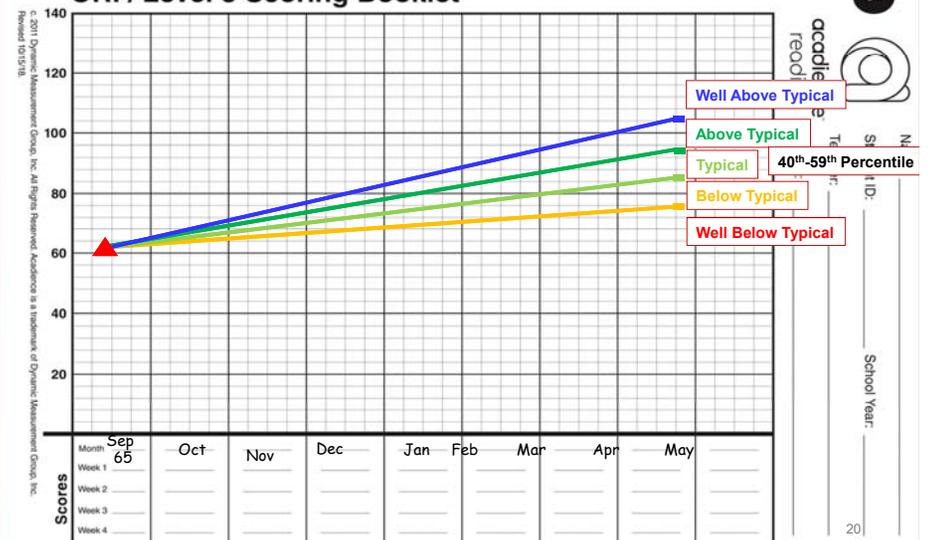

- expected progress or rate of improvement
- local or national percentiles
- using only the benchmark goals

Pathways goal setting considers:

- different measurement materials,
- different grades and times of year,
- different levels of initial skill
- reading accurately, fluently, and for meaning

## Progress Monitoring

### ORF/ Level 3 Scoring Booklet

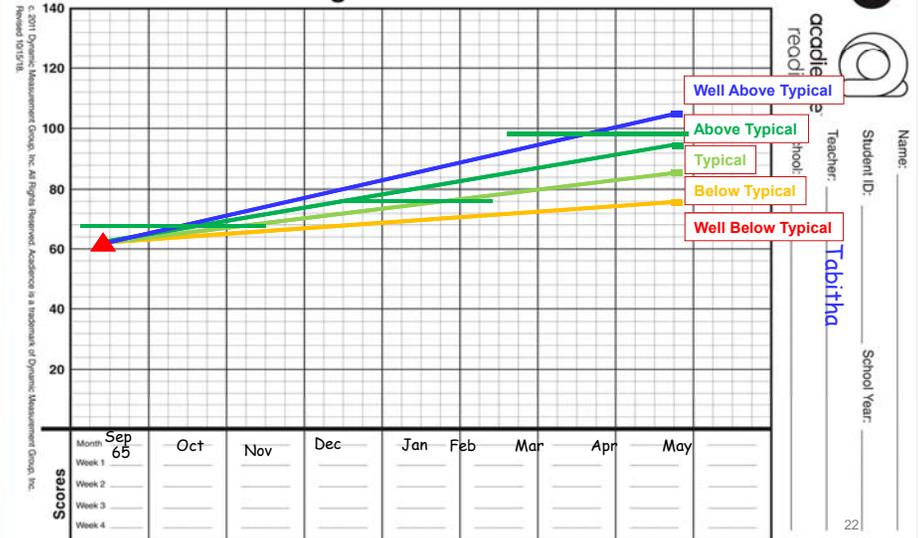

# Pathways of Progress™ Descriptors

## What is Pathways of Progress?

Pathways of Progress is a tool for:

- (a) setting student progress monitoring goals (BOY)
- (b) evaluating student progress (MOY & EOY)
- (c) evaluating system level progress (MOY & EOY)

## Three Guiding Principles in Establishing Individual Student Learning Goals

- ▶ Meaningful.
  - Goals should support students to achieve meaningful outcomes or increase the likelihood of achieving meaningful and important outcomes.
- ▶ Ambitious.
  - **Above typical** or **well above typical** progress are ambitious goals.
  - **Typical progress** may be sufficient for students who are at or above benchmark
  - **Typical progress** *may not be adequate* for students who are likely to need additional support to achieve benchmark goals.
  - **Below typical** or **well below typical** progress are just not very ambitious.
- ▶ Attainable.
  - High in the well above typical range is probably not attainable.
  - Typical and above typical progress is readily attainable.
  - Well below typical and below typical progress may be attainable, but are not ambitious or meaningful.

The original authors of the DIBELS® assessments bring the entire family of educational tools together under a new name

## Third Grade Case Example: Tabitha Likely to Need Strategic Support

Tabitha's Initial Skills in Third Grade, Beginning of Year

- ▶ **205 Composite Score**
- ▶ **65 ORF Words Correct**
- ▶ **96% ORF Accuracy**
- ▶ **14 Retell**
- ▶ **1 Retell Quality of Response**
- ▶ **6 Maze Adjusted Score**

Tabitha's End of Year Goal:

By the end of the year, Tabitha will read aloud a third-grade ORF passage at a rate of 106 or more words correct per minute with at least 98% accuracy, and be able to talk about what she has read with a Retell score of at least 45 words. She will read a third-grade Maze passage silently for meaning and earn a score of at least 20.

# Third Grade Case Example: Jaclyn Likely to Need Intensive Support

Jaclyn's Initial Skills in Third Grade, Beginning of Year

- ▶ **169 Composite Score**
- ▶ **65 ORF Words Correct**
- ▶ **86% ORF Accuracy**
- ▶ **42 ORF Retell**
- ▶ **3 Retell Quality of Response**
- ▶ **3 Maze Adjusted Score**

Jaclyn's End of Year Goal:

By the end of the year, Jaclyn will read aloud a third-grade ORF passage at a rate of 95 or more words correct per minute with at least 97% accuracy, and be able to talk about what she has read with a Retell score of at least 42 words. She will read a third-grade Maze passage silently for meaning and earn a score of at least 19.

Pathways of Progress™ Report

## BEGINNING OF YEAR

All pathways are based on the beginning-of-year composite score.

## MIDDLE OF YEAR

Component score pathways are compared to other students with the same beginning-of-year composite score.

To support overall reading proficiency, more growth is needed in a student's areas of relative weakness.

## MIDDLE OF YEAR

### OVERALL PATHWAY

A student's overall pathway is based on the student's middle-of-year composite score compared to other students with the same beginning-of-year composite score.

Name	ORELF Composite Score	MIDDLE OF YEAR COMPONENT SCORE PATHWAYS				ORELF Composite Score	Pathway
