

Unlocking potential. Changing lives.

ALO is a **digital platform** that allows educators to administer reading and math assessments online, or enter results manually to receive **immediate results** and actionable data. ALO features an **interactive dashboard** and on-demand access to many reports, enabling educators to quickly identify student needs and make **informed decisions** regarding instruction and intervention.

Quickly toggle between Reading and Math products

Interactive student performance data

View effectiveness over time

One-click access to assessment to-do list

Filter the dashboard view by group, grade, and measure

Quickly navigate to student lists by category

ALO's Award-winning Features

- Progressive web application for use on touch-screen devices
- Digital administration with automatic scoring and easy-to-interpret results
- Initial end-of-year goals included, with custom goal-setting available
- Developed in partnership with the authors of Acadience Assessments
- Interactive and filterable reports, allowing users to organize results in meaningful and actionable ways
- Districts/Schools using ALO for both Acadience Reading and Acadience Math can access both seamlessly without logging out and back in

ALO supports the following Acadience assessments:

Reading

- Acadience Reading Pre-K: PELI
- Acadience Reading K-6
- Acadience Reading 7-8
- Acadience Reading Survey
- Acadience Reading Español
- Acadience Reading Français

Math

- Acadience Reading K-6
